

Establishment of a Deconstruction Hub

OPPORTUNITY

Build a community of organisations interested in maximising material and product value during deconstruction or refurbishment of buildings, benefitting the Scottish economy and environment, and promoting circular solutions.

PROJECT

Facilitation support to establish an initial group of 18 organisations to collaborate across a wide range of areas to realise economic value in the refurbishment, deconstruction or demolition process.

OUTCOMES

- Appointment of an industry-led Chair and Deputy Chair.
- Formation of 5 working groups.
- Development of a plan of projects.
- Agreement of role of individual public sector partners.

SUPPORT

Total Project Value	£6.5k
CSIC Contribution	£N/A (in-kind support)

PROJECT DURATION

October 2016 - September 2017

Innovation Support: Business Innovation
Sub Sector: Demolition & Preparation
