

U.S Offsite Learning Journey

OPPORTUNITY

To learn about the U.S. Offsite Sector; key players; their offer and approaches to innovation.

PROJECT

Participation in and support of the delivery of a learning journey to Washington DC and Boston, including several company and public sector visits; the hosting of an International Collaboration workshop and a visit to Greenbuild Expo in Washington DC.

OUTCOMES

Improved knowledge and understanding of how international competitors operate, their offering and how the sectors and markets work in different countries.

International collaboration initiated with U.S; Canadian and Scandinavian academic, public sector and academic partners via the hosting of a workshop in the U.S.

SUPPORT

Total Project Value	£69.25k
CSIC Contribution	£N/A (in-kind support)

PROJECT DURATION

September 2015
