

Establishment of Offsite Hub Scotland

OPPORTUNITY

For Scotland to be a global leader in offsite production with a turnover of £565m by January 2018.

PROJECT

Facilitation support to establish an initial group of 7 offsite manufacturers to collaborate across a wide range of areas including R&D; business development; marketing; and skills and training.

OUTCOMES

- Formation of a group of complementary businesses, producing engineered timber products and systems, mainly to the housebuilding sector.
- Delivery of a business mapping and survey project, surveying, collating and documenting manufacturing capacity and product offering across the businesses.
- Sharing ideas, knowledge and experiences on areas such as product development;

manufacturing; business development; marketing; and skills and training.
